Birdies on Same 'Y' Hole

Nowadays, very few stores offer you bean coffee.

Why does A&P still offer coffees in the bean?

Basically, because "We Care." Specifically, because we know these facts:

The coffee bean is nature's seal that holds the flavor. Once that seal is broken by grinding, flavor fades...

NO MATTER HOW IT'S PACKAGED.

The shorter the time between grinding the beans and brewing your coffee, the greater the flavor.

So if you want the finest cur of "The Think Drink" you've ever tasted buy and brew one of A&P's three Bean Coffee blends... Eight O'Clock, Red Circle or Bokar.

Not every store can offer you custom-ground bean coffee. A&P can and does.

Shouldn't A&P be your store?

Mrs. Koller Guides Medicare Patient Traffic for Hospital

Families of Medicare pa-tients who require the ea-tended-care services of a nurs-ing home after a hospital stay are the chief concern of Mrs. Earl Koller of Northwest Community Hospital.

Mrs. Koller spends most of her working hours counseling the families, giving telling them of nursing home services and the details of the Medicare program, and mak-ling arrangements for the transfer of medical records.

She lives at 1258 N. Yale, Arlington Heights. She devotes part of her time to work in the volunteer office of the hosnital

and counseling "my families".
During June this year. 8 per cent of the hospital patients were Medicare patients.
Since Nov. 1, 1967, 666 Medicare patients heve been admitted to the hospital. A total 6,849 patients were admitted from November through June 30.
